OUR NEWS OF THE LAST WEEK

Helping Animals In Hot Spots

The war continues. Animals, just like humans, become victims of the Russian aggression. Our team has been helping animals together with the mission of evacuating owners and delivering humanitarian aid. The Helpeople team is doing everything to save animals. We have evacuated 906 animals. Our team has already been hit by the shell, and one of our team members had to be evacuated with his dog. Our team is ready to help animals in the Heliopolitan team. We brought her from Kherson and delivered her into caring hands in Kyiv(ua). We wish Dera Fancione good health!

Meet Vera Pavlivna, Born In 1928

Meet Vera Pavlovna, born in 1928. Just imagine, this grandmother survived the Holodomor famine, the war, the post-war hardship, and now she is facing the Russian invasion. She is a very hospitable person. We brought her from Kherson and delivered her into caring hands in Kyiv(ua). We wish Vera Pavlovna good health!
